EXT. ICE REGION PORTAL WORLD - DAY

Blizzard storm. Snowy Landscape. Cold and in the middle of nowhere.

FROZEN (Ice Elemental, Prince of the Ice Region, sad and scared) walks slowly as he tries to get through the storm.

FROZEN  
Hellooooo?!

As Frozen continues to walk, a long snow trail is seen behind him.

FROZEN (CONT'D)  
Anyone?!

The blizzard storm grows stronger. Frozen raises his hands in front of him.

FLASH!

A small ice shield appears, protecting Frozen. Little Frozen struggles as he continues to walk through the storm.

FROZEN (CONT'D)  
I can't... hold it!

The blizzard hits harder on the shield until...

BLAST!

Frozen's shield breaks into little icicle pieces. Frozen falls to the snowy ground.

Holding his arms around him, the young Ice Elemental struggles to get up. He begins to cry.

FROZEN (CONT'D)  
I'm lost.

Frozen raises his head.

FROZEN (CONT'D)  
I'M LLLLLLLOOOOOOSSSSSSSTTTTTTTT!!!

With tears in his eyes, Frozen looks around for any response to his call for help. Only the sound of the snow storm is heard.

Giving up, Frozen sits down in the snow and breaks down crying. He covers his head in shame.

A small ice cube forms around Frozen, closing him off from the storm, and allowing him to cry in peace.

Suddenly, a small silhouette appears in the background. The silhouette turns red, and begins to walk forward.

The red figure walks toward Frozen's ice cube. Frozen continues to cry, not noticing the figure before him.

The red figure disappears, revealing to be FLAME (Fire and Lava Elemental, Princess of the Fire and Lava Regions, curious and happy). She leans forward and raises her fist.

KNOCK! KNOCK! KNOCK! KNOCK! KNOCK!

FLAME

Hello?

KNOCK! KNOCK! KNOCK! KNOCK! KNOCK!

INT. FROZEN'S ICE CUBE - DAY

Quiet and lonely.

Frozen finally stops crying and raises his head up.

FROZEN

Huh?

Frozen stares speechless at the little girl in front of him.

EXT. ICE REGION PORTAL WORLD - DAY

FLAME

Don't worry! I'll get you out!

Flame raises her right hand. A flaming aurora forms around it.

She gradually moves it inside the ice cube.

INT. FROZEN'S ICE CUBE - DAY

Frozen grabs Flame's hand.

FROZEN

So warm...

EXT. ICE REGION PORTAL WORLD - DAY

Flame gradually pulls Frozen up, causing the ice cube to melt. The two Elementals stare at each other as they continue to hold hands.

Flame smiles at Frozen as she holds onto Frozen's hand tighter.

FLAME

Come on!

Flame yanks Frozen forward, as they begin to run away together. She leads him into an unknown direction.

Frozen doesn't say a word, as he stares at the mysterious girl in front of him.

Flame runs excitedly with a big smile on her face.

FLAME (CONT'D)

We're almost there!

Flame runs faster, causing Frozen to do the same. A bright portal appears forward.

The two Elementals jump into...

EXT. ICE REGION - DAY

Blue sky. Gentle snow fall. Fellow Ice Elementals are seen having fun, socializing, and playing in the snow.

The portal closes behind the young Elementals. Flame finally let's go of Frozen's hand.

FLAME

Is this where you belong?

Frozen looks around for a second. He looks back at Flame and nods his head.

FROZEN

How come you weren't lost?

FLAME

Oh... because I'm free! I always travel wherever I want. Don't you?

FROZEN

No.

FLAME

Well maybe one day you will.

Flame raises her right hand for a proper handshake.

FLAME (CONT'D)

My name is Flame. What's yours?

Frozen grabs Flame's hand and shakes it.

FROZEN

I'm Frozen.

FLAME

Cool. Well, see you around Frozen!

Flame forms a fire around her. She turns around, and begins to fly away in the sky.

Frozen walks forward.

FROZEN

Wait!

Suddenly, a portal opens. QUEEN RIME (Ice Elemental, Queen of the Ice Region, loving and worried) enters in the scene.

QUEEN RIME

Frozen!

As the portal closes behind her, Rime rushes to Frozen, and grabs him up. She holds him tight.

QUEEN RIME (CONT'D)

Oh my precious son, don't you EVER scare mommy like that again, do you hear me! What were you thinking, running away from my hand and rushing into the Ice Region Portal like that?! Something could've happened to you!

FROZEN

I'm sorry mommy. I just wanted to play.

Queen Rime kisses her son's cheeks. She rubs his hair.

QUEEN RIME

Your father, brother, and I were looking all over for you. But how did you get back home on your own?

FROZEN

I saw an amazing light. She brought me back!

QUEEN RIME

She?

Frozen quickly turns around and points to the sky.

FROZEN

There!

The prince's finger follows a bright flaming light, moving across the sky, like a shooting star.

FROZEN (CONT'D)

That's her!

Queen Rime stares at the flaming light with her son.

QUEEN RIME

Fascinating...

Frozen is hypnotized, as he sees his new friend shining bright in the sky.

FROZEN

Flame.

EXT. SKY - DAY

Deep blue sky with no clouds in sight.

Flame smiles as she continues to fly fast in the sky. She looks back down to where she last saw her new friend.

FLAME

Frozen. I like that name.

FLASH!

And just like that, Flame and her fire are gone without a trace in sight. A small white star shines at the direction she headed off too.

Fades to black.
